

Raghul G

Backend Developer

PERSONAL INFO

An undergraduate student with a strong foundation in backend web development using nodejs / Springboot and basic knowledge in AI/ML.

EDUCATION

Bachelor's Degree in CSE **2023-2027**

Mepco Schlenk Engineering College, Sivakasi

Higher Secondary – 91.6% **2023**

K.C.A.D.Matriculation.Higher.Sec.School, Sattur

PROJECTS

Examination portal for Descriptive type Questions

- Developed a portal for evaluating descriptive-type answers using machine learning algorithms. Implemented auto proctor features in website for fair process.
- Backend implemented in Node.js.

Beverage Dispatch System with Predictive Analytics

- Created a Python Flask web application for a medium-scale beverage industry to manage orders and predict product demand.
- Implemented demand forecasting using Chart.js for visualization.

Personal Portfolio Website

Tech Stack : React.js

- Created responsive portfolio website to showcase personal projects and skills

INTERNATIONAL CERTIFICATIONS

- IEEE English for Technical Professionals
- Problem Solving in Python from The University of Texas at Dallas

CERTIFICATIONS

- TCS iON Career Edge – TCS (Young Professional Certificate)
- Artificial Intelligence upskilling Certificate - Qualcomm
- Prompt Engineering Essentials– Simplilearn
- Introduction To Generative AI - From Amazon Web Services
- Generative AI - Badge from Google Cloud
- Deploy and manage Gen AI models - Badge from Google Cloud

SKILLS / TOOLS

- Java
- JavaScript
- SQL
- Mongo DB
- Nodejs
- Springboot
- Github
- Vertex AI

LANGUAGES

- English
- Tamil

SOFT SKILLS

- Time Management
- Team Work
- Communication

INDUSTRIAL VISITS

- Industrial Visit to Kaashiv Info Tech – Learned about AI and IoT .
- Industrial Visit to Hatsun – Learned about quality control in dairy production.

ACHIEVEMENTS

- Participated in Full Stack Development Workshop
- Attended National Level Symposium – Won First Prize in Technical Quiz.
